

## Arizona College Scholarship & Award Policy

Arizona College is proud to honor talented, skilled and diverse students with a variety of scholarship awards.

### Scholarship Eligibility, Acceptance, and Terms

- Each scholarship applicant must submit a completed Arizona College Scholarship Application form with the required supporting documentation prior to the start of their program of study.
- Each scholarship applicant must complete a Free Application for Federal Student Aid and apply for all available federal grants.
- The scholarship award amount will be determined after all other gift aid for tuition and fees has been determined and is intended to assist the student in meeting their remaining unfunded tuition and fee obligations.
- Students will be notified of their scholarship award status. Acceptance of an individual scholarship award is an agreement to the terms and conditions of that award as well as all policies governing Arizona College scholarships.
- All scholarship recipients are expected to abide by the principles of academic integrity and the Arizona College Student Code of Conduct.
- Every student's financial award package (scholarships, gift and need- based assistance) is subject to review by the Arizona College Financial Aid Office for compliance with federal aid regulations and the eligibility requirements for each scholarship program.
- A student's total grant, scholarship, and other gift aid may not exceed tuition, fees, room and board; if they do, the scholarship provided by Arizona College will be reduced accordingly.
- Arizona College reserves the right to adjust individual scholarship awards to account for adjustments to federal, state and scholarship dollars.
- Scholarship recipients must have at least half-time enrollment.
- Renewable awards are contingent upon maintaining the satisfactory academic progress standards found in the Arizona College catalog. Other specific renewal criteria for the specific scholarship must also be met.
