Arizona College used the following methods to determine which students receive emergency financial aid grants and how much they would receive under Section 18004(a)(1) of the CARES Act:

The CARES Act provides institutions with significant discretion on how to award this emergency assistance to students. Therefore, Arizona College developed its own system and process to determine how to allocate these funds, which included distributing the funds to all students who met the eligibility standard and requested assistance.

Eligible students are students who have experienced a financial emergency related to the disruption of campus operations due to the coronavirus and that meet all eligibility criteria outlined by the Department.

Eligible students who were enrolled on March 20 and in an Active, Leave of Absence, or Standard Period of Non-Enrollment were automatically awarded \$875 in Care Act Funds. The College sent each student a form via DocuSign, whereby students could attest that they incurred expenses due to the disruption of COVID-19 and would use the grants to cover those expenses.

Students who subsequently withdrew after March 20, and before disbursement of the grant are not eligible.

Arizona College and the Department's goal is "...to get money in the hands of students in need as quickly as possible." The Institution believes this method is the fastest and most efficient method to accomplish that goal.

After this first disbursement of funds, the Institution developed an application for students who have exceptional needs. This application is available to all students in an active status even if they enrolled after the initial COVID disruption. Students are eligible for up to \$1,500 once their application has been approved.

For the second award, Arizona College continued to utilize the application process prioritizing students with exceptional needs based on whether their EFC fell into the Pell eligibility range. Non-Pell eligible students are considered as well. Students are eligible to apply for up to \$1,000 in funding to cover expenses allowable within their cost of attendance.

The first rounds of disbursements were associated with the following Instructions:

Students are instructed to:

1. Look for an email titled "Please DocuSign: CARES Act Direct Deposit Enrollment Form." The email will be sent from Matt Calhoun via DocuSign. This email will contain a link that you will need to click to access your personal Direct Deposit Enrollment Form.
2. On the form, check the box to Accept or Decline your CARES funds.
3. Then complete the Direct Deposit form at the bottom of the DocuSign form. This will allow us to deposit the funds directly to your bank account.
4. Click Submit to send your completed form to Arizona College for processing.

The forms are processed as they are received. We understand the hardship this outbreak has caused for many of you and how important these funds are to you and your families. Please do not delay in completing this form.

Please remember, funds awarded may only be used for eligible expenses related to the disruption of campus operations due to coronavirus, including eligible expenses under a student's cost of attendance such as food, housing, course materials, technology, health care, and childcare.

The second round of disbursements was associated with the following Instructions:

Students wishing to apply for additional CARES funds should see their Executive Director of Academic Operations or Dean to obtain the Student Application for Emergency Aid. Students are eligible to apply for up to \$1,500 in funding to cover expenses associated with the disruption of COVID.

For the second award, an announcement was posted on the Canvas website to notify students of the availability of the grant and directions to apply with the Financial Aid Department.
